Commissioner for Patents

The reply filed on June 08, 2006 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): In regard to the sequence compliance issue raised in the previous Office Action, mailed December 06, 2006, Applicant has responded by stating that "the sequence in Fig. 3 is an entirely hypothetical sequence" and "if there is, in fact, a need to list such sequences in the listing. Applicant's response is not fully responsive to the requirements under 37 CFR § 1.821 through 1.825 discussed in the prior Office Action because a "Sequence Listing" is not optional as stated by Applicants. Applicants are reminded that a CD-ROM sequence listing submission may replace the paper and computer readable form sequence listing copies. Applicant(s) are required to submit a new computer readable form sequence listing, a paper copy for the specification, statements under 37 CFR § 1.821(f) and (g), if there is a need to list additional sequences in the listing. See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
